Washington, D.C. 20554**

In the Matter of)
)
Bright House Networks, LLC) CSR No. _____
)
For Determination of Effective Competition in:)
6 Flagler County, FL—Area Franchise Areas)

To: Office of the Secretary
Attn: Chief, Media Bureau

PETITION FOR SPECIAL RELIEF

Bright House Networks, LLC, (“Bright House Networks” or the “Company”), pursuant to Sections 76.7 and 76.907 of the Commission’s rules,¹ requests that the Commission find that it faces “effective competition” in 6 Flagler County, Florida-area franchise areas (the “Franchise Areas”).²

The Communications Act of 1934, as amended (the “Act”), and the Commission’s rules provide that cable television rates may be regulated only in the absence of effective competition.³ Cable operators are entitled to demonstrate that effective competition exists on a franchise-by-franchise basis.⁴ When a cable operator demonstrates that effective competition is present within a franchise area, cable rates in the affected area are no longer subject to regulation.⁵

¹ 47 C.F.R. §§ 76.7 and 76.907.

² The Franchise Areas include DeBary (FL1183), Edgewater (FL0118), Flagler County (FL0697), New Smyrna Beach (FL0125), Port Orange (FL0060), and South Daytona (FL0061).

³ 47 U.S.C. § 543(a)(2); 47 C.F.R. § 76.905(a).

⁴ 47 C.F.R. § 76.907.

⁵ See *Implementation of Sections of the Cable Television Consumer Protection and Competition Act of 1992, Rate Regulation*, 8 FCC Rcd. 5631, 5664-5665 (1993) (“Rate Order”).

Under the “competing provider” test set forth in Section 623(1)(1)(B) of the Act and Section 76.905(b)(2) of the Commission’s rules (the “Competing Provider Test”), a cable system will be deemed subject to effective competition if the franchise area is:

- (i) served by at least two unaffiliated multichannel video programming distributors, each of which offers comparable programming to at least 50 percent of the households in the franchise area; and
- (ii) the number of households subscribing to multichannel video programming other than the largest multichannel video programming distributor exceeds 15 percent of the households in the franchise area.⁶

As demonstrated below, the Competing Provider Test is satisfied in five of the six Franchise Areas – Edgewater, Flagler County, New Smyrna Beach, Port Orange and South Daytona. Two unaffiliated MVPDs serve over 50 percent of the Franchise Areas’ households with comparable programming and the aggregate penetration rate for all “competing providers” exceeds 15 percent in the Franchise Areas. Accordingly, Bright House Networks requests that the Commission issue an order finding that Bright House Networks is subject to effective competition under the Competing Provider Test in the Edgewater, Flagler County, New Smyrna Beach, Port Orange and South Daytona Franchise Areas.

In addition, under the “low penetration” test set forth in Section 623(l)(1)(A) of the Act and Section 623(l)(1)(A) of the Commission’s rules (the “Low Penetration Test”), a cable system serving less than 30 percent of the subscribers in a particular franchise area shall be deemed subject to effective competition and exempt from rate regulation in that community.⁷ Bright House Networks satisfies the Low Penetration Test in the DeBary Franchise Area. As shown below, the reported penetration level for Bright House Networks is less than 11% in this

⁶ 47 U.S.C. § 543(1)(1)(B)(i) and (ii); 47 C.F.R. § 76.905(b)(2)(i) and (ii).

⁷ See 47 U.S.C. § 543(l)(1)(A) and 47 C.F.R. § 76.905(b)(1).

Franchise Area. Accordingly, Bright House Networks requests that the Commission issue an order finding that Bright House Networks is subject to effective competition in the DeBary Franchise Area under the Low Penetration Test.

I. BRIGHT HOUSE NETWORKS SATISFIES THE COMPETING PROVIDER TEST IN FIVE FRANCHISE AREAS.

A. More Than Two Unaffiliated MVPDs Offer Programming Comparable to Bright House Networks to Over 50 Percent of the Households in the Franchise Areas.

The first prong of the Competing Provider Test requires that a franchise area must be served by “at least two unaffiliated multichannel video programming distributors...”⁸ This requirement is easily satisfied, because the two major direct broadcast satellite providers (DirecTV, Inc. and Dish Network, Corp.) (“DBS Providers”) are unaffiliated with Bright House Networks and “offer” service to more than 50 percent of the households in Bright House Networks’ Franchise Areas.

Service of an MVPD will be deemed “offered” when it is both technically and actually available.⁹ The Commission has determined that DBS service is presumed to be “technically available” throughout the country due to its nationwide satellite footprint.¹⁰ Bright House Networks’ Franchise Areas are well within the satellite footprint of DirecTV and Dish Network. Thus, both DirecTV and Dish Network are “technically available” in the Franchise Areas.

⁸ 47 U.S.C. § 543(1)(1)(B)(i); 47 C.F.R. § 76.905(b)(2)(i). Section 602 of the Communications Act of 1934, as amended, defines “multichannel video programming distributors” to include cable operators, as well as DBS and MMDS providers. See 47 U.S.C. § 522(13).

⁹ *Rate Order* ¶ 29.

¹⁰ See *MediaOne of Georgia, Inc.; Petition for Revocation of the Certification of Gwinnett County, Georgia*, 12 FCC Rcd. 19406, ¶ 5 n.16 (1997) (citing *Rate Order*, at 5660-5661).

DBS service is presumed to be “actually available” if households in a franchise area are made “reasonably aware” that the service is available.¹¹ The Commission has stated that “a party may use evidence of penetration rates in the franchise area (the second prong of the competing provider test ...) coupled with the ubiquity of DBS services to show that consumers are reasonably aware of the availability of DBS service.”¹² The same reasoning applies here. DirecTV and Dish Network are among the largest MVPDs in the nation.¹³ With approximately

¹¹ See *Rate Order* ¶ 32 (citations omitted). See also *Charter Communications – Fourteen North Carolina Communities*, 19 FCC Rcd. 7003, ¶ 4 (2004).

¹² *Comcast Cable Communications, LLC Petition for Determination of Effective Competition in Various Michigan Communities*, 23 FCC Rcd. 9595, ¶ 5 (2008), citing *Mediacom Illinois LLC et al., Eleven Petitions for Determination of Effective Competition in Twenty-Two Local Franchise Areas in Illinois and Michigan*, 21 FCC Rcd. 1175 (2006) (“*Comcast – Various Michigan Communities*”). Thus, the Commission has not required the production of advertising to demonstrate that households in the franchise area are “reasonably aware” of the availability of DBS service. See *Bright House Networks, LLC Petition for Determination of Effective Competition (Lake Alfred and Dundee FL)*, 22 FCC Rcd. 4390, ¶ 6 (2007) (“Over more than ten years, we have made hundreds of findings that households in particular franchise areas are reasonably aware that they may purchase DBS services based on localized evidence. These accumulated showings amount to substantial evidence that households in all franchise areas are reasonably aware that they may purchase DBS services. In at least one earlier reported decision, we found households in a franchise area to be reasonably aware that they may purchase DBS service solely based on evidence of DBS's nationwide growth and local subscriptions, without reference to advertising or other promotion.”) (“*Bright House Networks – Florida*”).

¹³ See *Annual Assessment of the Status of Competition in the Market for the Delivery of Video Programming (Fourteenth Order)*, 27 FCC Rcd. 8610, ¶ 31 (2012) (“14th Report”).

34 million subscribers nationwide,¹⁴ comprising nearly 34 percent of all MVPD subscribers,¹⁵ ubiquitous advertising, and the substantial DBS penetration figures in the Franchise Areas, it is clear that consumers in the Franchise Areas are “reasonably” aware of the availability of DBS competitors.¹⁶ Accordingly, both DirecTV and Dish Network are presumed to be “actually available” in the Franchise Areas, and are offered to over 50 percent of the households in the Franchise Areas.

The Competing Provider Test also requires that the programming offered by the competing provider must be “comparable” to the programming offered by the cable operator.¹⁷ The Commission’s rules define comparable programming as “at least 12 channels of video programming, including at least one channel of nonbroadcast service programming.”¹⁸ The Commission has repeatedly recognized that the DBS Providers offer comparable programming

¹⁴ See Press Release, DirecTV, *DirecTV Announces Second Quarter 2012 Results* (Aug. 2, 2012) (reporting that, as of June 30, 2012, DirecTV (US) had 19.91 million subscribers), available at <http://investor.directv.com/releasedetail.cfm?ReleaseID=697550>; Press Release, DISH Network, *DISH Network Reports Second Quarter 2012 Financial Results* (Aug. 8, 2012) (reporting that, as of June 30, 2011, Dish Network had approximately 14.061 million subscribers), available at <http://dish.client.shareholder.com/releasedetail.cfm?ReleaseID=699102>.

¹⁵ See 14th Report ¶ 31. See also Georg Szalai, *Pay TV Operators Added 300,000 Subscribers in Fourth Quarter*, The Hollywood Reporter, March 19, 2012 (citing SNL Kagan report of 100.31 million video subscribers by the end of 2011), available at <http://www.hollywoodreporter.com/news/pay-tv-operators-added-subscribers-fourth-quarter-snl-kagan-showtime-starz-hbo-301624>.

¹⁶ See, e.g., *Comcast – Various Michigan Communities*, ¶ 5; *Bright House Networks–Florida*, ¶ 6.

¹⁷ See 47 U.S.C. § 543(1)(1)(B)(i); 47 C.F.R. § 76.905(b)(2)(i).

¹⁸ 47 C.F.R. § 76.905(g).

under the Commission's Competing Provider Test.¹⁹ Each of the DBS Providers offer well over 100 video channels, most of which are non-broadcast services.²⁰ And, as shown in the attached channel line-up, Bright House Networks' programming service offerings in the Franchise Areas are substantially similar to the DBS Providers' programming services.²¹

Based on the above facts, Bright House Networks has satisfied the first prong of the Competing Provider Test.

B. The Competing Providers Serve Greater Than 15 Percent of the Households In Bright House Networks' Franchise Areas.

The second prong of the Competing Provider Test requires that the subscriber base of competing MVPDs, other than the largest MVPD, exceeds 15 percent of franchise area households.

The process of determining the precise number of DBS subscribers within a franchise area is not an exact science because DBS providers track their subscribers according to the zip codes where each subscriber resides, rather than by political jurisdiction. In this case, Bright House Networks relied on ZIP+4 codes associated with each of the Franchise Areas to determine the number of DBS subscribers.²² The Commission has previously accepted ZIP+4 codes as

¹⁹ See, e.g., *Comcast Cablevision of Maryland, Inc., Petitions for Effective Competition*, 19 FCC Rcd. 7130, ¶ 4 (2004) ("We find that the programming of DBS providers satisfies the Commission's program comparability criterion because DBS providers offer more than 12 channels of video programming, including more than one non-broadcast channel.").

²⁰ See Channel Line-ups of DirecTV and Dish Network, attached hereto as Exhibit 1.

²¹ See Bright House Channel Line-up, attached hereto as Exhibit 2.

²² In certain instances, the *entire* 5-digit ZIP code is located within a particular franchise area. In these situations, Bright House Networks used that standard 5-digit ZIP code, rather than the more detailed ZIP+4 analysis, as the additional detail would not provide any greater accuracy.

“reasonable and sufficiently reliable for purposes of determining the presence of effective competition,”²³ and stated its preference for this approach.²⁴

To determine the relevant ZIP+4 codes associated with the Franchise Areas, Bright House Networks contacted SNL Kagan (“SNL,” formerly known as Media Business Corp.). SNL has developed a process to accurately identify the ZIP+4 codes that correspond with the political boundaries of a particular community. This process utilizes enhanced mapping software that correlates ZIP+4 codes with the U.S. Census Department’s “block group” level households. The “block group” measurement is the most precise Census tool available to measure households within a very small geographical area. With this software, SNL was able to identify the ZIP+4 codes that lie within Bright House Networks’ Franchise Areas.²⁵

Bright House Networks next provided the relevant ZIP+4 codes for the Franchise Areas to the Satellite Broadcasting and Communication Association (“SBCA”). SBCA is the national trade association representing the two DBS Providers, as well as other satellite service providers, and it has assumed the responsibility for compiling subscribership data and responding to data requests from cable operators and franchising authorities engaged in effective competition proceedings. The DBS subscriber number reported in the attached Effective Competition

²³ See *Cable One, Inc.*, 18 FCC Rcd. 12792, ¶ 8 (2003), quoting *Falcon Cable Systems II, a California Limited Partnership, d/b/a Charter Communications*, 17 FCC Rcd. 4648 (2002).

²⁴ See Public Notice, “Commission Announces New Standards for Showings of Effective Competition For Cable Service,” 23 FCC Rcd. 12067 (2008); Public Notice, “Commission Clarifies Standards for Evidence of Competing Provider Effective Competition for Cable Service,” DA 09-1361, 24 FCC Rcd. 8198 (2009).

²⁵ See Letter from SNL (explaining ZIP+4 methodology), attached hereto as Exhibit 3.

Tracking Report (“ECTR”) from SBCA reflects the total number of DBS subscribers within the individual ZIP+4 codes associated with each of the Franchise Areas.²⁶

Finally, Bright House Networks compared the subscribership figures reported by SBCA with its own subscribership, and was able to confirm that its own subscribership exceeded DBS subscribership in each of the Franchise Areas that qualify for effective competition under the Competing Provider Test – Edgewater, Flagler County, New Smyrna Beach, Port Orange and South Daytona. Bright House Networks is the largest MVPD in these Franchise Areas.²⁷

To determine whether DBS subscribership exceeds the statutorily mandated 15 percent threshold in the Franchise Areas, Bright House Networks compared the competing providers’ subscribership to the most recent U.S. Census occupied household unit figures for the communities.²⁸ This comparison yields the penetration rates for DBS Providers in the Franchise Areas.

As detailed in Exhibit 7, the subscriber penetration rates for the competing DBS Providers in the Edgewater, Flagler County, New Smyrna Beach, Port Orange and South Daytona Franchise Areas exceed the 15 percent threshold required under Section 623(1)(1)(B) of the Act. Accordingly, Bright House Networks meets the second prong of the Competing Provider Test in each of the Franchise Areas.

Because Bright House Networks meets both prongs of the Competing Provider Test for the Edgewater, Flagler County, New Smyrna Beach, Port Orange and South Daytona Franchise Areas, it faces effective competition in these Franchise Areas.

²⁶ See Exhibit 4 (providing total ZIP+4-based DBS subscribership for the Franchise Areas, as well as all ZIP+4 data relied on in the Petition).

²⁷ See Declaration of Thomas M. Wilson, attached hereto and Exhibit 5.

²⁸ See Exhibit 6.

II. BRIGHT HOUSE NETWORKS SATISFIES THE LOW PENETRATION TEST IN ONE FRANCHISE AREA

In addition to satisfying the Competing Provider Test above, Bright House Networks is entitled to an effective competition determination in the DeBary Franchise Area, because the Company serves less than 30 percent of the local households in this particular Franchise Area.

Section 623(l)(1)(A) of the Act provides that a cable system will be deemed subject to effective competition if “fewer than 30 percent of the households in the franchise area subscribe to the cable service of a cable system.”²⁹ The measurement of subscribership under this test “will be based on the subscribership of the particular cable system in question, and not an aggregation of the subscriberships of all cable systems and competitors in the franchise area.”³⁰

To determine whether Bright House Networks subscribership is less than 30 percent in this Franchise Area, Bright House Networks compared the Company’s subscribership to the U.S. Census household figures for the community.³¹ This comparison yields a penetration rate of less than 30% for Bright House Networks in the DeBary Franchise Area.³²

Bright House Networks has demonstrated that fewer than 30 percent of the households in this Franchise Area subscribe to the Company’s cable service. Accordingly, Bright House Networks has satisfied the criteria for establishing effective competition under 47 C.F.R. § 76.905(b)(1) for the DeBary Franchise Area.

²⁹ 47 U.S.C. § 543(1)(1)(A); 47 C.F.R. § 76.905(b)(1). *See also CC Michigan L.L.C. d/b/a Comcast Communications*, 17 FCC Rcd. 1513 at ¶ 2 (2002).

³⁰ *See Rate Order* at ¶ 18.

³¹ *See Exhibit 6.*

³² *See Exhibit 8.*

CONCLUSION

Bright House Networks' cable system is subject to effective competition in five Franchise Areas under the Competing Provider Test. The Company is subject to effective competition in one Franchise Area under the Low Penetration Test. Thus, effective competition existed in the Franchise Areas at least as of the filing date of this Petition. Based on the evidence presented herein, Bright House Networks respectfully requests that the Media Bureau issue an order acknowledging the presence of effective competition in the DeBary, Edgewater, Flagler County, New Smyrna Beach, Port Orange, and South Daytona, Florida Franchise Areas

Respectfully submitted,

Bright House Networks, LLC

For customer service inquiries, please call (386) 677-1232 for Ormond Beach, (386) 445-5464 for Palm Coast or Flagler, (386) 775-7300 for West Volusia, (386) 760-9950 for Port Orange, or (386) 423-1151 for New Smyrna. Some services require a digital converter or HD converter.

EXHIBIT 3

August 14, 2012
Davis Wright Tremaine LLP
1919 Pennsylvania Avenue, N.W.
Suite 800
Washington, DC 20006

To Whom It May Concern:

SNL Kagan utilizes a multi-step process to accurately identify cable client franchise areas and associated ZIP and ZIP+4 Codes. (A ZIP+4 Code includes the five digits of the United States Postal Service ZIP Code, a hyphen, and four more digits that determine a more precise location than the ZIP Code.)

This methodology was developed to address the potential shortcomings in utilizing 5-digit ZIP Code data for "Effective Competition" petitions. The basic methodology has been in place for several years and has been used successfully in many Effective Competition cases at the FCC.

Because ZIP Codes and municipal boundaries are created and managed by different government authorities, the boundaries of ZIP Codes and municipal boundaries often overlap. ZIP Codes frequently span between and beyond municipal boundaries. ZIP+4 Codes, however, usually reside in one and only one municipality. SNL Kagan uses Place, Minor Civil Division (MCD), and County boundaries from Dynamap® a division of Pitney Bowes Business Insight, to determine municipal boundaries. SNL Kagan uses the Dynamap® ZIP+4 Centroids database, which contains ZIP+4 centroid correspondence for virtually all deliverable ZIP+4s, to identify ZIP+4 Codes within municipal boundaries, among the over 60 million ZIP+4s in all 50 states, DC, and Puerto Rico, based on current data from the USPS and the U.S. Bureau of the Census, and the Tele Atlas master street database.

SNL Kagan then utilizes its ZIP+4 Code mapping to enable our clients to obtain proper "Direct-to-Home" (DTH) subscriber counts for their respective franchise areas by tracking DTH subscribers at the ZIP+4 Code level. (Where SNL Kagan determines that a ZIP Code falls entirely within a franchise area, however, it is unnecessary to identify DTH subscribers at the ZIP+4 Code level for that 5-digit ZIP Code. In these instances, SNL Kagan identifies such 5-digit ZIP Codes and, accordingly, DTH subscribers are identified by the 5-digit ZIP code only.)

Only ZIP+4 Codes that meet specific criteria are included in this report. The following criteria must be met:

- The centroid of the ZIP+4 Code is within the franchise area; and
- The USPS ZIP+4 Record Type (from Dynamap® ZIP+4 Centroids) is either H- high rise or S - street.

Our methodology has been used by many multiple system operators (MSOs) as part of their Effective Competition relief efforts, and we believe this methodology produces the most accurate and detailed view of ZIP+4 data as it relates to cable franchise areas.

A handwritten signature in black ink, appearing to read "Pinna Gallant", with a long horizontal line extending to the right.

Pinna Gallant

Data is current through 8/31/2012

Report Prepared by:
Martin Esteves
Manager, Membership and Data Management
202-349-3630
mesteves@sbca.org

Methodology: Direct-To-Home (DTH) subscriber data reflects aggregated DIRECTV and DISH Network residential subscriber totals. The following data collection procedures are applied by Members in the normal course of business: a) single accounts with multiple receivers are only counted once; b) commercial and test accounts are not included; c) each occupied unit served in a multiple dwelling unit building has been counted as a separate residential subscriber; d) zip codes are taken from service locations (not billing addresses, where different); e) inactive accounts are routinely removed; f) invalid (undeliverable) addresses have been corrected where known; g) courtesy or complimentary accounts are included; and h) zip code information for Members' subscribers is periodically updated to reflect changes to zip codes by the United States Postal Service.

Methodology: Direct-To-Home (DTH) subscriber data reflects aggregated DIRECTV and DISH Network residential subscriber totals. The following data collection procedures are applied by Members in the normal course of business: a) single accounts with multiple receivers are only counted once; b) commercial and test accounts are not included; c) each occupied unit served in a multiple dwelling unit building has been counted as a separate residential subscriber; d) zip codes are taken from service locations (not billing addresses, where different); e) inactive accounts are routinely removed; f) invalid (undeliverable) addresses have been corrected where known; g) courtesy or complimentary accounts are included; and h) zip code information for Members' subscribers is periodically updated to reflect changes to zip codes by the United States Postal Service.

ECTR – Effective Competition Tracking Report

Provided by
Satellite Broadcasting and Communications Association

Pursuant to Section 76.907(c) of the FCC Rules, and your effective competition tracking request dated June 21, 2012 please find the following Direct-to-Home (DTH) satellite subscriber numbers per zip code (and/or zip+4 where necessary). The provision and use of this Effective Competition Tracking Report is governed by and subject to the terms and conditions of the Agreement for Provision and Use of Confidential Data, between your company and SBCA.

DECLARATION OF THOMAS M. WILSON

I, Thomas M. Wilson, declare, under penalty of perjury that:

1. I am a Partner with the law firm of Sabin Bermant & Gould LLP. In this capacity, I am responsible for overseeing effective competition filings for Bright House Networks, LLC ("Bright House Networks").
2. I have read the foregoing Petition for Special Relief ("Petition") and am familiar with the contents thereof and the matters referred to therein.
3. I have reviewed Bright House Networks' cable subscriber numbers for the Franchise Areas at issue in this Petition, as well as the DBS subscriber numbers provided by SBCA as described in the Petition. Bright House Networks is the largest multichannel video program provider in the Edgewater, Flagler County, New Smyrna Beach, Port Orange and South Daytona Franchise Areas.
4. The facts contained within the Petition are true and correct to the best of my knowledge, information and belief.

Date: March 6, 2013

Thomas M. Wilson
